

Title (bold, size 11)

Author (Rakdee Rakkarnrean) (Normal, size 11)¹

Author 2²

Abstract (bold)

The abstract is written in one paragraph and must not exceed 250 words. The abstracts should be comprised of research background, objectives, research methodologies, research results and discussions of the key findings.

Keywords: Keyword 1, Keyword 2, Keyword 3, Keyword 4, Keyword 5

Introduction

The introduction must provide the necessary background of the paper and a brief review of related literature. A clear statement of the objectives should also be included.

Objective(s)

The objective(S) should match with the content of the manuscript.

Review of literature

The author reviews related literature and identify knowledge gap.

Methods

This section describes the data collection procedures, including the participants, research site, timeframe, instruments and how the data was analyzed. In the case of quantitative research, the description should include statistical data analysis.

Results

This section should begin with exactly what the data showed and is presented in appropriate charts or graphs, etc.

Discussion

The author should provide interpretation of the results in relation to the objective(s) of the research as well as existing knowledge.

Recommendation

In this section, the author provides recommendations on how the findings of the study could be applied in practice and provide recommendation for future research.

Acknowledgement (If any)

The author may include a thankyou note for the funding providers or those who have contributed to the study.

References

The reference list should be in alphabetical order by first author's family name and be consistent with APA referencing style.

¹ Affiliation of the author
